2013 MLC Tennis Hot Shots Tournament Circuit – French Open **Our first “Grand Slam” Hot Shots Tournament!**

MLC Hot Shots Tournament is the perfect opportunity for children to participate in a competitive environment for the first time, whilst still understanding the key elements of the Hot Shots program.

The objective of the MLC Hot Shots Tournament is to provide a competitive arm to the program so children are able to experience tennis tournaments for the first time whilst still developing their skills through the MLC Tennis Hot Shots program. The aim is that these tournaments will begin to shape the culture of all tournaments across the country and provide a pathway for children to progress through.

Smaller courts, lighter racquets and low compression balls that don't bounce too high will make it fun and easy for participants to compete. Now is the time for all of our Hots Shots players to get involved in Tournament Tennis!

Sunday 16th June 2013 at the Morningside Tennis Centre
